## Share Great Fellowship, Music, Ice Cream at the CommUnity Ice Cream Social in Early September

Kendal's CommUnity Ice Cream Social, our annual outreach event to our neighbors, will be held early in September (date to be announced) from 6:00 to 8:00pm. Once again, the event will take place at the corner of Maple and North Pleasant Sts. Pleasant St. will be blocked off by the city to provide a safe setting. "Mud in Yer Eye" will be returning to provide delightful music. Join us for an evening of fellowship with our friends and neighbors (including Kendal priority list members) over an ice cream treat. The Kendal van will shuttle residents to the Social, leaving the Heiser entrance beginning at 6:00pm. Please be patient -- the bus will continue to circuit until the Social ends at 8:00pm. If it rains, the Social will be moved to the Heiser Auditorium. We hope to see you all at the upcoming ice cream social. *-Kendal at Oberlin Staff Special Events Committee*

## **KNOW YOUR KORA COUNCIL**

Once a month the residents of Kendal's Stephens Care Center meet in the Central Activities Room. Some walk in, with or without rollators; many come in wheelchairs. SCC staff encourages everyone to come if able. As we assemble, Stacy Terrell is there, adjusting the sound system; Kim Peters is preparing to take notes of everything that's said. Michele Tarsitano-Amato and Greg Zehe appear. Stacy speaks first, relaying any news of the SCC. Is there a change in staff? Is an inspection going on? Right now, of course, there are concerns about the construction happening so close to many residents' rooms. Stacy has set up weekly meetings to update residents so they will know exactly what to expect. Next, Stacy will inquire about each aspect of daily living: Is the nursing staff satisfying individual needs? Are they responding promptly enough? Does Social Services answer your requests? Is laundry being done properly and returned on time? Is Housekeeping doing a good job? All those attending have time to respond; possible improvements are discussed. Overall, the feedback is positive; personal care seems to be working well. Greg steps up to inquire about food, service, temperature, etc. We hear occasional suggestions but few complaints. Michele then tells about new activities and programs and asks for suggestions. Some time during the meeting the liaison from KORA relates the highlights of the last KORA meeting. Part of the liaison's job is also to report to KORA on this SCC meeting. We all want the Stephens Care Center to be a happy, caring place. This interchange of news keeps all residents up to date on what's happening everywhere at Kendal.

## **Nominations Sought for KORA Council**

KORA Council consists of 11 councilors and four officers. It is the responsibility of the Nominating Committee to prepare and present a slate of people to fill available positions. To start this process we ask residents to suggest to us people who you feel would well represent you as councilors and/or as officers. We recommend that these residents should have lived at Kendal for at least one year. Your suggestions should be submitted to Pam Lenz (Box #29) or Don Illig (Box #97) **in writing before August 15**. You should get the consent of the person whom you are suggesting while indicating that your suggestion does not guarantee that he/she will be on the committee's recommended slate. There are more well-qualified persons than places available.

From this pool of names, the Committee nominates a slate of candidates, which is presented at the Annual Meeting in November for ratification by consensus. KORA's Constitution provides for nominations from the floor, in which case the election would be decided by ballot. *-Demmie Carrell, Don Illig, Pam Lenz, Betty Weinstock, Jim White, KORA Nominating Committee*

**OHC: The Civil War - Oberlin  
Perspectives on the Home  
Front and War Front  
Thurs., Aug. 18 - 7:15pm - AUD**

The beginning of the Civil War consumed the thoughts of many in 1861, especially in Oberlin which was often called “The Town That Started the Civil War.” Karyn Norwood tells stories of Oberlin individuals and events from the wartime period. She is one of 20 AmeriCorps volunteers assigned by the Ohio Historical Society in the statewide Ohio History Service Corps Program. In late August, she will attend Simmons College as a graduate student in Library and Information Science.

**Playreaders: “Blithe Spirit” - Sat., Aug. 6 - 7:15pm - AUD**

In 1941, as German bombs were devastating London, Noel Coward wrote what has been called a delightfully satirical drawing-room comedy about ghosts. It was a resounding success when it first opened in the West End, setting box-office records by running for just under 2,000 performances. It has “haunted” British and American stages ever since.

A review of a recent Broadway revival mentions “how well this play holds up after so many years.... It still manages to entertain and surprise.” Come see for yourself. Then, plan to stay after the performance for cookies and lemonade in Heiser Lounge and a chance to chat with the cast.

## LIBRARY NOTES

The Library Committee will meet on Friday, August 5, at 4:00pm in the Library. We invite new residents to join us as we discuss our \$1800 budget, and plans for the rest of the year.

**NEWSPAPERS** - Most of the Library budget is spent on newspapers. We subscribe to *The New York Times*, *The Wall Street Journal*, *The Plain Dealer* and *Oberlin News-Tribune*. We are grateful to residents who share their subscriptions to additional local or national papers (the large-print weekly NYT, *The Christian Science Monitor*, *The Elyria Chronicle Telegram*, and *The Lorain Morning Journal*) with us.

**No part of any newspaper should be removed from the library until it is more than a week old.** If you want a paper after that, mark what you want and your open box number on the top of the first page of that day's paper, so we can put it in your box instead of recycling it.

**MORE SHARING** - Our library features a great selection of recent magazines (on display racks to the left as you enter the library) and many recent health newsletters (in three-ring binders on the top center shelf of the Reference Section, to your left as you face the desk). These are all donated. We welcome more of these (within two months of publication) to improve our collection. -*Russ Bimber*

### Transportation Talk

It's been some time since my last communication, and I want to remind everyone how our transportation program operates.

- **If you have any questions about the Medical Shuttle** (such as how your medical appointment fits into the schedule), call me for assistance.

- **We transport all residents who have medical appointments within Lorain County.** There is a misconception that Kendal won't transport residents having dental, foot, or routine eye exam and dialysis treatments because these are not covered under "medical" transportation. We transport our residents to **all** local medical appointments, whether covered under "medical" transportation or not. The only difference is that a fee may be charged for "nonmedical" trips.

- **If you have medical appointments at Cleveland Clinic's main campus or University Hospitals, please let me know.** If you are a friend who provides transportation to these appointments, let me hear from you, too. We want to learn how many

Kendal residents travel to Cuyahoga County for medical appointments.

- **Kendal has added a new transportation vendor, MedCorp.** It provides ambulance/ambulette services outside of Lorain County. If you need their service, contact me and I will provide the cost information.

I am trying another vendor, **Be My Hired Driver.** It will provide a bonded driver to drive your car (and you) to any medical, shopping or personal appointments for an hourly rate.

- **We still offer transportation on:**
  - \*Monday mornings, 8:00-11:30am, and Friday afternoons, 1:00-4:00pm, to downtown Oberlin for personal errands;
  - \*Wednesday morning into Oberlin;
  - \*First and third Wednesday afternoon shopping trips to Midway Mall and Super Kmart; and
  - \*Thursday afternoon trip to IGA.

Remember: I'm just a phone call away! If you have any transportation issues or concerns, call me at 775-9832.

-*Donna E. Smith,*  
*Transportation Coordinator*

## Welcome Kendal's New Residents

### Catherine Wilber

I was an only child and grew up in Pittsburgh, fortunately with many cousins close by. Free of spirit, I knew at an early age that I wanted nothing more than to be an artist, and was enrolled early on in the Carnegie Museum's Saturday morning art classes, which were held in the magnificent Hall of Dinosaurs. It was a visually awesome experience. After I graduated from high school at 16, my father insisted I spend my first year of college at Moore in Philadelphia (then a girl's school, now co-ed). I transferred my sophomore year to Carnegie Tech, studied printing and design, and received my BFA in 1959. I then moved to Cleveland where several friends and I pursued careers in graphic design. My experiences included fashion illustration for major department stores, wallpaper and fabric design, greeting cards for American Greetings and, through commissions from a New York agent, illustrations for Whitman Publications children's books. My first husband, an advertising executive in Cleveland, and I started our own ad agency. It was fairly successful, and after his death four years later, I carried on alone until my second marriage. I came to live in Oberlin in 1981 when I married Harry Wilber, a widower with two college-age sons. A Chicagoan by birth, Harry came to Ohio and secured frequency availability through the FCC to start his own radio station in 1975. Harry's older son, Doug, later returned to Ohio to help his father run the station, which allowed Harry and me to travel extensively. We were married 20 years before his sudden death in 2001. Since then I spend my mornings happily at the station with my stepson and daughter-in-law, and my afternoons volunteering at the FAVA galleries.

## July 2011 KatO Board News

Much of the Board's work begins before arrival at the board meeting with a thorough review of committee reports that are approved in the form of a Consent Agenda. Members are urged to bring questions to each meeting so the content is fully understood.

**Review of the financials** verified that the Statement of Operations shows a strong bottom line with good control of expenses. Debt covenants are being met and the investment portfolio is doing well despite a rocky June. **Cottage construction is on target and within budget.** Occupancy will occur in September-October. Energy Star evaluation is underway. The Board heard the favorable results of the post-occupancy satisfaction survey of the Dining Expansion/Renovation.

**Marketing reports** that 95% of our cottages and apartments are committed with 94% occupancy. Many Try-It visits are scheduled through the summer. Special events are going very well and are well attended.

**The Board's Generative Discussion** for July focused on a review of Kendal's mission statement as well as the ten-year-old Vision Statement. A new vision is under consideration, recognizing the many changes that have occurred to our organization in its growth of programs and services. Consideration also needs to be given to city-wide planning in the Oberlin 2025 plan. The Board was presented with a matrix that compared the entities of Kendal Northern Ohio, Kendal at Oberlin, Kendal at Home and Senior Independence with each other. **"SWOT" responses were received by the Board.** The document includes ideas from 70+ residents submitted for Kendal's Strengths-Weaknesses-Opportunities-Threats. It will be used by leadership in its planning and be available to other Kendal committees. The management team and the Board will also submit responses for the SWOT. *-Barbara Thomas*

## Table Tennis Upswing

A surge of interest in table tennis, above all among the women, has led us to expand our weekly open sessions to three. We now meet to learn the basics, practice and play matches each Tuesday, Thursday and Saturday, 9:30 to 11:30am. We trust this extended schedule will allow all players more time at our two high-quality tables. Come join the health and good-mood-promoting fun! Watchers are likewise always welcome.

The "ping pong" table in the north apartment building (first floor) has been repaired -- our thanks to Facility Services! -- and is standing sturdy and solid, ready for play daily from 9:00am to 9:00pm. Despite its revived state, you are urged to desist from sitting, jumping or leaning on it, lest it collapse again. You'll find balls and paddles on and in the little side table. (It helps to switch on the large overhead light.)

Improve your physical well-being and mental alertness. Play table tennis!

## Time to Sign up for 2011 Shuffleboard Tournament

It's time to find a partner and sign up for the 2011 Shuffleboard Tournament! Please sign up by August 21. You'll find the sign up sheet below the Activities Bulletin Board. The schedule of team play will be posted and placed in your mail box on or before August 25. Play will begin on September 5 and conclude about mid-October (depending on the number of participants). No previous experience is necessary. You may practice anytime the courts are open with the equipment which is stored in the north stairwell, first floor of the apartment building. Call Don or Joyce Parker for any questions or help. This is a great game for all ages and abilities; the emphasis is on fun!

## Energy Conservation: Air Conditioning

The following suggestions are from the pamphlet: "Energy Efficiency and Renewable Energy" prepared by the U.S. Department of Energy (available from Oberlin Municipal Power and Light).

1. With a central air system set the fan to shut off at the same time as the cooling unit. In other words, don't use the system's central fan to provide circulation, but instead use circulating fans in individual rooms.
2. Set your thermostat as high as comfortably possible in the summer. The less difference between the indoor and outdoor temperatures, the lower the overall cooling bill will be. At night, turn your air conditioner off.
3. Don't set your thermostat at a colder setting than normal when you turn on your air conditioner. It will not cool your home any faster and could result in excessive cooling and, therefore, unnecessary expense.
4. Don't place lamps or TV sets near your air conditioning thermostat. The thermostat senses heat from these appliances, which can cause the air conditioner to run longer than necessary.
5. Keep your window coverings closed during the day to prevent solar gain.

## R>A>F ShopTalk

**Q: What happened to my donation?** I gave R>A>F a crystal pitcher/TV cabinet/Christmas sweater/silk kimono two weeks ago. It has not appeared in the Shop, Apt. #155. Is something funny going on here?

**A: NO!** R>A>F volunteers send donated items in many directions. Sometimes we hold a treasure until we can research the value, or take it to an expert in or around Oberlin. Sometimes the outside specialist offers a better price than we believe we could realize here in our Shop.

Many times we have more of a certain class of donations than we can possibly display; clothing comes to mind. We find charities such as Goodwill, Elyria's Hospitality Center, churches and other nonprofits who will accept and make good use of our surplus. Out-of-season clothing and Christmas treasures are stored for the appropriate sale time. Sometimes we find via the internet that the value of an object is so high that we consign it to an art/antiques auction house. Some donations are successfully sold through eBay. Other times we may save a good item for the next cottage sale.

Some furniture and all of our bed, bath and table linens, as well as audio components, are to be found in "Room 280" -- between Apts. 266 and 268 on the second floor, south wing. So, don't feel unappreciated! We are happy to receive all kinds of donations (with the exception of broken electrical and electronic items).

And, don't forget: 100% of proceeds go to Kendal's Resident Assistance Fund. Receipts for the period June 22 through July 26 were \$2,819.37.

## Dining and Nutrition Services

### Upcoming Special Events

**September - Watch for date!  
CommUnity Ice Cream Social  
6:00-8:00pm corner lot on  
Maple and N. Pleasant Sts.**

### Notes From Ann Pilisy

- On Monday, July 4, many residents arrived for lunch in Fox & Fell after the special program and requested tables for six. We have only five large round tables for six. Dining staff did its best to seat everyone as quickly as possible after the end of the program. **Casual, walk-in seating, without special requests, can streamline this process in the future.**
- Daily reservations in Fox & Fell have become much more frequent. (Reservations are generally unnecessary unless you have a large party or other specific requests.) With this practice, you may miss enjoying a meal with other residents whom you have not yet met. Staff does its best to offer multiple available seating options. Remember our Kendal Values: to foster a sense of community and an atmosphere of mutual respect and caring, and to welcome all people.
- Dining Services welcomes several family reunions and celebrations in August.

### Kendal's Kitchen Tours Wed., Aug. 31 and Sept. 7, 2011
