## Kendal's Silent Auction Returns in March

Last year the Special Events Committee decided to separate our annual Silent Auction from our annual CommUnity Picnic. It moved the Auction to Fall to assure a greater participation and fundraising result. However, construction delayed us and the event was postponed to March.

**The Silent Auction will be held Monday, March 23, through Wednesday, March 25, in the Heiser Lounge and Penn Dining Room.**

The annual event's proceeds are split between the Stephens Education Fund and the Staff Emergency Fund. We are making some changes to improve the Auction donation process. A form will be available for all who wish to have their Auction donations recognized as tax deductions. The form need not be completed by donors who do not wish to claim their donations as tax deductions. The forms may be obtained at the Heiser Front Desk beginning mid-February.

Silent Auction donations will be accepted from March 2 through March 20.

Please begin to set aside the treasured items you intend to donate to raise money for these two important Kendal at Oberlin staff funds.

We are looking for items of good quality and condition to place in the Silent Auction. We will be establishing a higher minimum bid in order to upgrade our Auction's fundraising results.

*-Special Events Committee*

**Please Note:** The Silent Auction Committee reserves the right to assess the quality and condition of each donated item. Any item(s) deemed inappropriate for the Auction may be returned if possible; or if found to be unreturnable to the donor, discarded; or given to a charity,

## Tired of Snow and Cold? Think Spring Fling!

Every Spring Kendal folks welcome the season with a festival -- Spring Fling! **The 2015 Spring Fling will be held on Saturday, April 18.** Plans are beginning to percolate, but we need YOUR ideas. Come, talk and bring suggestions on Tuesday, February 3 at 4:00pm in the Fox and Fell Café.

## Celebrate our Honorees for Black History Month

Your Diversity Awareness Committee continues to promote learning about famous

African Americans during February Black History Month.

Please notice the special cards on every dining table in all our dining rooms, in the Kendal Library and in the Heiser Lounge.

Each week in February a new card will be exchanged for the previous one so while you eat your meals you can read all about Carter Woodson (Week 1), Sojourner Truth (Week 2), Walter White (Week 3) and Joan Southgate (Week 4). The cards contain a picture of each honoree, a synoptic biography and an internet link to additional information on how these individuals contributed to the advancement of Black Americans.

*-Diversity Awareness Committee*

**Come join the Diversity Awareness Committee! We meet on the third Friday every other month at 9:00am in the Den.**

**Our next meeting is March 20.**

## KNOW YOUR KORA COUNCIL

I once watched, over the course of a week, the construction of an overhead network of interconnected diodes. The purpose was revealed on a night of light shows -- "nuit blanc" -- when visitors were free to roam about under the web and delight in how their movements caused corresponding diodes to light up above their heads. Picture KORA, our residents' association, similarly. At any one time, we find different centers in our interconnected web of programs and relationships lighting up, generating ideas, carrying out tasks. This column calls your attention to some of them in our own Kendal version of "nuit blanc." On January 15, KORA Council received reports from the Transportation Commission, the Suggestions and Concerns Committee and the RAF Resale Shop Committee. Be sure to read the separate articles from each of these groups in this issue of *The Kendalight*. Do speak to their members if you have input for them or questions. Priscilla Steinberg reported for the group planning four fairs on balance and movement for seniors under the banner "Keep On Moving Oberlin." As noted in her report in the January issue, volunteers are needed. Let Priscilla know of your interest. A note about Suggestions and Concerns: The description of this committee and its function is posted on the KORA section of the bulletin board opposite the mailboxes with the proposed elimination of the term "Sounding Board" indicated. Council agreed with the committee members that "sounding board" did not accurately reflect their function, and this consensus will be confirmed at our February 19 meeting. The term appears only in "Purpose of KORA Committees and Groups," a document compiled by the Coordination Committee. No

formal process of amendment is required, but Council is posting the notice for your information and comments should you have any. You can speak to Margaret-Ann Ellis, Chair of Suggestions & Concerns Committee. To return to the opening metaphor, flashing diodes are all over our community -- not just in committees (although Thoughtful Medicine is a bright star that is seriously coming into ascendance in our sky.) Council heard a comprehensive report from Grace Tompos on behalf of herself and Jim Helm, our resident liaisons to the construction process. We owe them a huge "thank you" for their calm, responsive handling of the many issues we as individuals have brought to them. Grace indicated that more neighborhood gatherings will be held in connection with the next "wave" of cottage renovation. Last month several residents, with Donna Baznik's leader-

ship, rose to the challenge of "snow day" care (in this case, "cold day" care) for children of our staff members who were off from school. I have recently received references from several of you who mine the Internet for articles pertinent to our community life. Keep on looking up! and around! Together we light up our sky.

## Transportation Commission Report

The Transportation Commission met for the first time on January 16, 2015. In addition to the members designated by KORA Council in establishing the Commission, Ardith Hayes and Barbara Thomas are members ex officio and Kim Blair, Kathy Bodde and Ryan Stalzkowski were appointed by the Kendal at Oberlin Administration. The Commission's charge is comprehensive: "To lead a discussion on the unmet transportation needs of KatO residents; to prioritize these; explore possible solutions; and bring forth action proposals for consideration and adoption." Two Task Forces were established: One to deal with the issue of transportation to medical appointments outside Lorain County and the other to consider issues regarding public transportation within the county, including connections to transit in Cuyahoga County. The Medical Transportation Task Force will be chaired by Ed Long; the Public Transportation Task force will be chaired by Barbara Barna. Several members of the Commission will also serve on one or the other task force along with those residents who have already indicated their interests in serving and others who might contribute to their deliberations. Donna Smith has been designated by the Administration to serve on the Medical Transportation Task Force. The Commission is to report on progress at least quarterly and bring its recommendations for discussion with the Kendal Community within 18 months. The Commission at its first meeting agreed:

- All proposals for plans of action shall come to the Commission for discussion;
- Possible amendment or referral shall go to the Task Force; and
- Final recommendations shall come from the Commission.

The matters involved are complex and deserve careful consideration and timely action. Please wish us all good luck in our endeavors. *-Ira Steinberg, Transportation Commission Chair*

## Kendal Resale Shop Talk

*Benefiting Kendal Resident Assistance Fund and Community Charities*

**Welcome** to the new dedicated space of **Kendal Resale Shop!** With an opening on January 30, 2015, we have completed a 20-year journey, from the south hallway of Heiser to the east side of Heiser (when we were in #155, #257 and #280), and back again, this time a few steps outside of the **south entrance of Heiser Community Center!** What goes around comes around! This time, however, we have a beautiful new space for sales and for the work area preparing donations for the sales room.

### THANK YOU!

**Thank you** to residents who for 20 years have supported our mission to benefit the Resident Assistance Fund by making donations and buying other donations. **Thank you** to the staff who are among our most frequent shoppers. **Thank you** to the Facility Services staff who provide the real muscle and skill for moving furniture and large items. **Thank you** to the Administration for finding the funding and planning the new community spaces, with one for Kendal Resale Shop for years to come. **Thank you** to the Board of Directors for approving the community space additions and many other improvements. And **thank you** always to the many, many volunteers who have worked for our mission these 20 years!

In the new shop we have a "great room" design. Now you will find areas of interest as in a cozy apartment setting. And you will find a **dressing room!** We ask you to try on clothes while you are in the shop rather than taking them home to do so. Remember: the honor system is our preferred way. In January the shop was closed. Our work was to move and get settled in. Now, please come for a visit! Bring your friends. Hours: 8:00am-7:00pm every day. *-Ruth Ann Clark, Chair, Kendal Resale Shop Keep it moving!*

## Welcome Kendal's New Residents

### Piara Lal Arora

I was born in what is now Pakistan. My father worked for the railways. Being a Hindu, he was transferred to India at the time of the Partition in 1947.

My family and I followed him and fortunately escaped all the bloodshed that happened at that time. I did all my undergraduate and graduate medical education in India.

In the early 1960s, foreign medical graduates were being invited to the United States for further training and for filling the position of interns and residents in U. S. hospitals. They would provide care to the patients after their own physicians were done with the daily visits.

I arrived in Pittsburgh, PA, with my newlywed wife on a snowy day in December 1963.

I have worked in hospitals in Pennsylvania, West Virginia, and then in Ohio. I have received training in internal medicine, pulmonary medicine, and then in geriatrics. I am board-certified in the three specialties. Over the years I have practiced internal medicine, pulmonary diseases, and since 1995 I have practiced only geriatrics.

I came to Lorain in 1977, and I was the only board-certified pulmonologist in the entire county at that time. I have served as medical director of a number of long-term care facilities in Lorain County. But I am most proud

of having been the Medical Director at Kendal at Oberlin (1995-2010, except for a couple of years in between).

I have two children and five grandchildren. They live in Avon Lake and Westerville, OH.

I consider my present years at Kendal as a resident, as *Sanyas*, the last chapter in man's life. I hope it will be a smooth transition with the help of many good friends here. Wish me a peaceful and a joyful life at Kendal.

### Recent Move-Ins

**Gary Olin and Sally Nelson Olin** - From Lakeside, OH, to a Kendal Cottage in mid-January.

**Randy Wagner** - From Erie, PA, to a Kendal Cottage in early January.

### Recent Transfers

**Larry and Arlene Dunn** - From one Kendal Cottage to another Cottage in late January. Phone numbers and email addresses remain the same.

### Recent Moves

**Alverta Schneider** - From a Kendal Cottage to Whittier in early January. Phone number remains the same.

**Nona Boren** - From Whittier to Patterson in early January. Phone number remains the same.

**Mary Zinn** - From a Kendal Cottage to Jameson in early January.

### Let's Talk about Carports

We have many new residents moving in during the spring and summer months and those carports that appear to be unused may soon have new occupants. Please be sure that your personal items are not overflowing into your neighbor's space.

Since Spring is just around the corner, this is a good time to clean out your carport. Please take the time to review what you have stored there and purge the items that are no longer needed.

The Kendal Resale Shop team and the Silent Auction Committee will cheerfully accept donations. -*JoDee Palmer, Marketing*

### Kendal at Oberlin Quarterly Health Services Forum Wed., Feb. 4 - 4:00pm - AUD

The health-related questions or topic suggestions submitted by Kendal residents last month will be answered.

### French for Beginners Mondays, 3:00pm, WHT February 2 - May 4

This interactive class, beginning this week, introduces you to French conversational skills, vocabulary and grammar.

### A Recycling Reminder

In order to be recycled, shredded paper should be placed in a totally closed (so nothing can fly out) paper or clear plastic bag and then deposited in a paper recycling bin. -*Dina Schoonmaker,*

Find biographies of all residents, newcomers and old timers, in "Who's Here" on the library center bookcase.

## Take a Look at the NEW Creative Arts Room!

After two years of planning and anticipation, a lovely new space for creating visual arts has come to Kendal at Oberlin. We look forward to having classes for learning new artistic skills (when leaders/enablers have been identified) and space for group projects, such as decorating for Spring Fling. The room is bright, inviting and made to accommodate groups up to 10-15 people in classes and/or 6-8 individuals working on their own art pieces. The room is equipped for creating various types of two-dimensional art as well as three-dimensional work, such as sculpting and pottery, with an enclosed kiln room. Guidelines for using the art room have been developed to allow as many people as possible to use the facilities and have time limits for long-term projects that would tie up storage and project space. A Log and Schedule Book will be used to acquaint people with the room and its care and to sign up for classes or individual space. Watch for announcements on the Activities Bulletin Board or in *The Kendalight* for classes and group activities. We hope that many people will add to their quality of life by using the room for artistic purposes. We want this to be a welcoming place and we are excited about the ways it can serve the Kendal community. Come on in, look around, or stay a while!

The planning group for the Creative Arts Room is: Don and Joyce Parker, Lee Hefner, Bob Cothran, Anne Wardwell, John Elder, Peggy Gordon and Beverly Fordyce.

## News & Views: Foreign Affairs Fri., Feb. 6 - 10:30am - AUD

**Privacy in the Digital Age.** Presenter Terry Carlton discusses the significant privacy protections granted in our Constitution to protect citizens from British intrusions. Now, the tables have turned and some of us are concerned about the unwarranted privacy intrusions from our own government. Moreover, other nations have reacted to this intrusion by revamping their own privacy protections. Legislation at home and abroad hasn't kept up with technology. Is privacy, as we know it, long dead? Discussion will follow. A Life-Long Learning class from Lorain County Community College. No registration or fee. **All are welcome.**

## Volunteer Committee Hard at Work Counting Those Hours

The Volunteer Committee is busily counting the survey results for 2014 received from Kendal volunteers. It is always amazing to reflect on the number and variety of volunteer hours given by both residents and staff, not only here at Kendal but also at many places in the wider Oberlin and Lorain County area.

Next month *The Kendalight* will feature the final total. Check the Volunteer Bulletin Board for a preview in early February. And check that board each month, where we offer different Volunteer Opportunities. Some you may know well, but others may be new to you!

## Update on Seating In Heiser Auditorium

To assure safety and access for all, we have been trying out a new seating arrangement in the Heiser Auditorium, reserving seats for rollator users and their companion and for persons who must keep their rollators with them. After thoughtful re-evaluation, some changes are being made.

The RESERVED signs now being used will only be placed in the front row of the Auditorium, with an additional two signs in the second row. RESERVED signs will be removed 5 min. before the program begins. Wheelchairs will still be accommodated on the south side of the Auditorium. Thanks for your cooperation!

## Table Tennis News

The 2015 tournament kicked off on January 12, with a field of 7 women and 5 men. In the men’s final, Terry Carlton topped Sidney Rosenfeld for first place. As of this writing, the women’s side was still playing a series of lively matches. A tight finish lies ahead. Thanks to generous donors, the table tennis group acquired its second JOOLA SC 3000 table. Among tournament-grade tables this one is top-notch. More than ever, Kendal can pride itself on its fine table tennis program. We invite all new residents to join our sessions. You just may get sold on table tennis, as a half-dozen recent arrivals, all starters, already have. *-Sidney Rosenfeld*

### News from the Suggestions and Concerns Committee

The Suggestions and Concerns Committee is considering changing the name of its monthly meeting from "Sounding Board" to "Suggestions and Concerns." This idea was presented to the KORA Council on January 15 and will be acted upon next month. We felt this made clear the purpose of our meeting. The best way to explain our duties is to quote from the supplement to the KORA bylaws. "...[The Suggestions and Concerns Committee]... listens to suggestions and concerns of residents and takes appropriate steps to see they are responded to within a reasonable time. The Committee is available to listen, offer assistance, conduct inquiries and/or refer the resident to the appropriate party. These concerns may be presented in person at the Committee's monthly meeting or may be written, signed, and dated and placed in the Committee's open mailbox. All inquiries are confidential to the Suggestions and Concerns Committee." Usually there are several issues presented at each meeting, and we try to respond as expeditiously as we can. All members of the Committee are willing to receive suggestions or concerns in person, but please present

them in writing to assist our memories, and to be sure we understand correctly. The members of the committee are: Barbara Bruer, Marcia Deist, Bob Longworth, and Chair Margaret-Ann Ellis.

### Documentary: "Fed Up" Wed., Feb. 25 -4:00pm - AUD

Katie Couric narrates this film which reveals the 30-year campaign by the food industry to mislead and confuse the public about the hidden sources and amounts of sugar in our manufactured foods. Sponsored by Senior Persons Interested in Nutrition and Community Health (SPINACH).

### Horticulture News

**Garden Plots** - If you'd like a community garden plot to grow vegetables, fruit or flowers this summer, please arrange a tour by calling Melissa Reed or leaving a note in her open mailbox. Most plots are 10 ft. x 10 ft.

**Starting Plants from Seed** - The Horticulture Committee is accepting requests for growing space in our lighted plant stands.

We're now located in the newly built Horticulture Room adjacent to the new Resale Shop. For information, call Don Reeves or leave a note in his open mailbox.

### Dining Notes From Ann Pilisy:

• Please **practice safe knife handling** in dining rooms. When you walk to your table with a steak knife, carry it with the knife tip pointed down. Do not carry it with the knife tip pointing straight out.

• **Please do not put soiled trays on the stack of clean trays** on the tray stand near the dessert buffet in Fox & Fell. Give the tray to your server to remove.

• **Never reach directly into foods with bare hands. Always use provided utensils.** Some residents have been observed reaching into croutons or breads with bare hands. If you see this happening, please offer a gentle reminder to the resident, then ask staff to discard and replace any possibly contaminated foods.

• **Check to see if you have any Dining supplies in your home,** such as dishes, silverware, green plastic to-go containers, etc. Please return items to Langston conveyor belt to be washed and sanitized. Help us avoid having to purchase replacement supplies; we'll save money for everyone.

### Wine and Beer Policy

Kendal welcomes residents to bring wine or beer to the Fox & Fell. Since we have many underage Dining staff, we ask residents to follow guidelines:

- Please contact Dining staff in advance so glasses may be provided;
- Bring wine in a wine tote;
- Bring beer in glass bottles only and drink from glasses provided; and
- Please remove all alcoholic beverage bottles from dining room at conclusion of meal.

There are certain holidays and special occasions when reservations are at peak levels in Fox & Fell. **On these days only, wine and beer are permitted in Langston.**

**Call 775-9868 to hear announcements and menus of the day.**
