RAFF Shop to Re-open in Apt. #257 on May 16

Two days before our Spring Style Show, RAFF learned that our shop location of Apt. #155 is needed by Kendal for the expanding Senior Independence services here.

From the beginning, RAFF has lived in borrowed spaces, moving in 2009 to our current location. Now **we will relocate to Apt. #257** (upstairs in the apartments) until we are able to have our own dedicated space: the RAFF Shop at the south entrance to the Heiser Community Center.

WE WILL BE CLOSED FROM MAY 1-15. We will re-open Friday, May 16 in Apt. #257 and hope you will all return to your usual ways of visiting the shop (and buying things, of course!). -*Ruth Ann Clark, RAFF Chair*

Know Your KORA Council Register for Spring LifeLong Learning Course in Heiser

Twice each year KORA offers Kendal residents an opportunity to say thanks to our staff for splendid service, through contributions to the Staff Vacation Fund and the Staff Holiday Fund. Contributions to these funds, divided among all except supervisory staff, take the place of individual tips, which might be construed as conflict of interest and are prohibited throughout the Kendal system. Further, such individual gifts might miss those staff we do not meet on a daily basis, but who also contribute to our care and comfort.

An appeal letter from KORA for the Staff Vacation Fund will appear in your open box in the next few days, with instructions for delivering your tax-deductible gift by early June. Please express your gratitude by responding as generously as you are able.

The recent appeal from Kendal CFO Ann O'Malley for updated financial information from all except very recent residents seemed to catch some off-guard, with concerns expressed about intrusiveness or confidentiality. Please feel assured in this regard. Only Ann and Judy Miller, manager of accounting/IS, will see and record individual responses. They will treat this updated information confidentially, as they have treated similar material that we each have submitted in the past.

Remember that our contracts with Kendal include the provision that no one will be turned out if our funds are exhausted through no fault of our own. The Resident Assistance Fund is the mechanism to effect this assurance. From a planning perspective, it is prudent to review prospective need and the state of the Fund from time to time. Such a review of probable need, by an outside actuarial firm and Kendal's Finance Committee, will be based only on aggregated information compiled by Ann and Judy.

From an overall perspective and direct experience, we know that circumstances have changed for at least some

News & Views: Foreign Affairs. Each month, the discussion leader will present a major foreign affairs topic taken from the latest "Great Decisions" briefing book from the Foreign Policy Assn. Exploring Hymns of Ohio and the Western Reserve. Take a hymnal walk through the highways and byways of Ohio; see how hymns continue to adapt to the needs of a rapidly changing society. Throughout our area's history, waves of immigrants rallied around causes and worked and sang together. Hymns shaped history as much as history shaped hymns. Itinerant singing masters traveled to set up short-term singing schools. As more people gathered in Lorain County, several churches were organized and hymn singing flourished. Our area has a rich history of hymns and hymn writers. Mary Louise VanDyke, former coordinator, *The Dictionary of American Hymnology* Project; Oberlin College Affiliate Scholar. of us since 2006 -- notably from our experience of the Great Recession and perhaps from other changes in our personal life or family circumstances. From time to time, Ann may become aware of potential residential need before a resident or their family has recognized such, and is able to initiate a soft inquiry or timely intervention. The Resident Assistance Fund remains strong, with a current balance of over \$3 million, plus some charitable remainder trusts in hand that will strengthen

the Fund. But in 2013, for the first time, withdrawals from the Fund exceeded new additions, while remaining well below current income.

Looking forward, what will be the likely draw on the Fund? How hard must we work as a community to maintain and grow the Fund for our mutual assurance?

Best planning requires the best information. If you've not already responded to Ann's request, I hope you'll do so soon. *-Don Reeves, KORA President*

RAFF Shop Talk

In April we enjoyed a wonderful Style Show. Nineteen models from all parts of Kendal at Oberlin shared their purchases and other things currently offered for sale. Our theme for the event, and really for our ongoing mission, is "Everything We Have Is Yours." Lyrics for this 1933 popular song were re-written by Carla and Bob VanDale, with consultation by Judy and Dennis Cook. Robert Taylor sang for us with Carol Longsworth's piano accompaniment. Here are the lyrics of our song:

Everything We Have Is Yours

Everything we have is yours
And reasonable.
Everything we have is yours:
Affordable!

We would gladly sell our clothes to you --
They will make you look so fine!
We would gladly sell you furniture:
Cherry, walnut, pine.

Everything that we possess
We offer you.

Let your dreams of finer things
Come true.

We are happy when you share your cash
Buying everything we sell:
All the finery is yours --
And more as well.

Inventories grow apace --
New gifts for you!
If your dwelling has no space
Here's what you do:

Donate stuff you do not really need
To your R-A-F-F Shop.
Then we'll sell you someone else's stuff --
Our style of "swap."

Everything we have we need to sell --
We're never through!
Let our dreams of happiness
Come true:

We will gladly sell you everything --
You can help us thin our crop!
Why not come and buy us out:
Our stuff -- our SHOP!

[We need to MOVE !!!]

The community did not realize how prophetic the last words were at the time of the show, but they seem prophetic now that we must move the RAFF Shop to Apt. #257 on May 16 (see p. 1).

Know that we appreciate all your donations to the RAFF on behalf of RAF, and hope those things continue to come to us after May 15.

The Style Show was a fun celebration of being in community together. Receipts for the month of March were \$3,528.50. We hope receipts such as this continue in our new location. Many thanks to all of you!

Welcome Kendal's New Residents

Carol Harvey

Born in Syracuse, NY, the only child of Anne and Frank Sheldon, I sang my way through school. When it came time for college I was looking at conservatories in the Northeast when an aunt suggested Oberlin, and the rest is history. Three years in this little college town were wonderful, but I also benefited from Oberlin's sending the entire Conservatory junior class to Salzburg to study at the Mozarteum for a year.

In 1963, I married an Oberlin classmate and we moved to New York City where I was an editor in the New York University publications office. From there we moved to Minneapolis; Nyack, NY; Fullerton CA; and finally back to White Plains, NY. To my dismay, he moved on without me after 20 years. By then I was in a position to dedicate my time to volunteering with the Westchester Light-house for the Blind.

In 1985, I married James "Dwight" Harvey, a southern gentleman who shared my love of opera and cooking. Dwight retired from IBM and we moved to Vallejo, CA, where we enjoyed nine years of sailing in San Francisco Bay and visiting the Napa Valley before he learned he would die from idiopathic pulmonary fibrosis. In California I served on the Board of the Solano County Food Bank, and after moving to Ohio in 1998 I spent ten years managing a large food

pantry in Brunswick. As a member of P.E.O., an organization that helps educate women, I have served at the local and state levels. Wherever I live, I find enjoyment singing classical sacred music in church choirs and community choruses. I retired as a soloist in 2011. We decided long ago that Kendal would be the place for us and here I am, truly honored to be joining this wonderful community of amazing people.

Upcoming Moves

Nelson and Enid Cleary will move from Wilmette, IL, to a Kendal Cottage in mid-May.

Dianne Haley moved from Boston to a Kendal Cottage in early April.

Gayle Sherry moved from a temporary Cottage to her permanent Cottage at the end of March. Phone number is the same.

Phone Number Change

Helen Schaefer in Whittier has a new phone number. Check with the desk.

Next meeting of the Thoughtful Medicine Committee is June 26 at 10:00am in the Green Room.

On the agenda is clarification of the documents that best fit each successive stage in planning to live well as we go along. **All are welcome.**

Notes from the Thoughtful Medicine Committee

Thanks to the presentation in March by Dr. Ed Miller, a hospitalist with the Cleveland Clinic and Chair of our Kendal at Oberlin Board of Directors, we continue to learn about the changing medical systems in which we find ourselves. That well-attended program was the brainchild of Thoughtful Medicine Committee members Don Hultquist, Don Parker and Ruth Miller. As we participate in these discussions, our understanding of thoughtful medicine grows. Basically, Dr. Miller was telling us to "take charge." We need to learn as much as we can about negotiating the health care systems, from our own Kendal Clinic on through doctor's appointments and hospitals. Then we can plan, prepare as much as possible with advocates and have organized paperwork in hand.

Most found Dr. Miller's talk challenging; some also found it a bit frightening. Your Thoughtful Medicine Committee will continue to plan with these challenges in mind. Informal book discussions like the one in March can always be arranged. We only need to hear from someone who found a good resource and is willing to initiate getting a few folks together to discuss it. The Committee is reviewing resources for conversations in the Fall of 2014 on completing advance directives such as health care powers of attorney, living wills, etc. Understanding and thinking through our options takes time and effort. It is also important to review and update previously completed documents. A quotation from a Harvard Medical School document on living wills can reframe the way we think and talk about this endeavor, noting that while acknowledging that we all die one day, the planning we do is "about how we choose to live -- all the way to the very end." There are many resources here at Kendal for choosing to live as well as we are able. *-Ardith Hayes for the*

Joe from Oberlin's SWERVE bike shop has volunteered his services once again to tune up and do minor repairs on our bikes/trikes/recumbents and such. He will set up shop from 10:30am to 1:00pm on two dates:

- Thurs., May 1 on the "Road to Nowhere" off Parking Lots 1 and 2.
- Thurs., May 15 in Parking Lots 9 and 10.

If repair and maintenance can't be done during the above servicing times, the bike shop will pick up (and return) a bicycle for free.

We are extremely lucky to have such obliging shop owners as those at SWERVE and we should support them whenever we can. *-Dina Schoonmaker, Environmental Concerns Committee*

School's Out, Table Tennis In

School breaks during the Easter season brought numbers of residents' children and grandchildren to Kendal. And what better way to keep all enjoyably active than table tennis! Friendly sources in the apartment building reported that the alcove table saw plenty of use. And timed just right to uphold proper usage, a front page article in the *Wall Street Journal* urged: "Don't call it ping pong!" Lending weight to the paper's exhortation, a concerned resident, identity still unknown, underlined it in red. Want to learn table tennis by the grandchildren's next visit? Drop in on our open play sessions! *-Sidney Rosenfeld*
